 Section with drawers and closet for clothes. Ventilation through window in deck side. Stowing possibilities in benches and separate shelf.
 Curtains for side windows and carpets.

Toilet room

Separate room - entrance from hallway. El. marine toilet, roomy bench with sink, hot and cold water, bench over toilet, **separated** shower, big shelf and cupboards, mirror, towel-, paper- and glass holder. Good LED lightening. Gauge for holding tank. Solid teak flooring. El fan for ventilation and el. pump for shower tank.

SAGA 325 STANDARD SPECIFICATIONS 2021 MODEL

Deck cabin with pilot position	<p>Separated from aft deck with 3-parted aft wall in aluminium and glass, which gives extra wide opening</p> <p>On starboard side a well equipped helm's position with an ergonomic dashboard. Extra equipment can easily be mounted. Behind the adjustable and foldable pilot's seat you will find a roomy and well equipped galley: Gas stove, wash basin in stainless steel, separate dish compartment, plenty of space in drawers and cupboards. Hot and cold water. Fridge, 85 l. Cupboards over pantry and sofa. Extra doors mounted in sides of benches.</p> <p>On port side a sitting group with table, arranged as a U-sofa with turnable double copilot's seat. All seats at a level that gives good sight while driving. (Sleeping possibility in dinette, optional). Lighting with dimmer; lamp for map, reading lamp, spotlights in ceiling and under cupboards.</p> <p>The deck cabin has permanent bulkhead in toughened glass and aluminium profiles with double sliding door.</p>
Engine room	<p>Solid teakfloor, untreated wood. The hardtop has sliding hatches. Entrance through hatches in deck cabin floor, from the holding room and a separate hatch in the bulkhead from the centercabin. Double engine hatches with sound insulation give a low sound level. Spacious engine room for service and maintenance. Automatic fire extinguisher.</p>
Aft deck	<p>Self bailing aft deck with 2 lockable hatches with gas struts, to the big stowage compartment below. Service possibilities for the batteries, hot water tank, holding tank, rudder equipment and propeller shaft from this compartment. Engine room can also be reached.</p> <p>Safe and easy access all around the boat, even when the canopy is closed.</p> <p>Outside steering position (optional) can be arranged on own consol on SB-side.</p> <p>The gate aft gives an easy access to the roomy and well equipped bathing platform. This also contains locker for ropes, space for the shower and room for el. anchor winch aft (extra) mounted hidden under step.</p>
External	<p>All rails and pulpits in stainless steel. Long, double rail ensures safe access to foredeck. Two separate anchor rooms and hold for ropes, fenders etc. 6 cleats of correct size and good make. Stainless protection on bow. Windscreen in aluminium profiles.</p>
Extras	<p>Opening side windows at both sides.</p> <p>Available according to separate list. To be mounted as per separate offer.</p>
